

IPET Members Faulty E Mail List

As at 2020/07/28

E Mails to the following members do not work.

Members are requested to kindly supply IPET with E Mail addresses that are valid and work.

E Mail addresses from Government, Municipalities, SOE's like Transnet, Eskom as well as some Consulting firms like Aurecon and ones ending in Telkomsa.net are generally blocked at the receiving end. Please members use private or individual E Mail addresses instead of company addresses.

Alternatively the member must fix this at the receiving end as we cannot solve it from the senders end.

If you do not have an E Mail address please get one!

We only communicate by E Mail. Post is not used anymore.

Thanks for your assistance in this E Mail problem.
